

Polyresin Crafts Sample Process

YEYE ENTERPRISE CO., LTD.

2017/12/25

Polyresin Crafts Sample Process

First step: Design draft

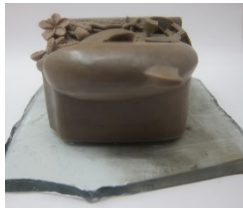

- * Please provide design and size.
- * It can be a photo, picture, hand-drawing in JPG or AI. File.
- * We will paint the colors as the design or you can provide PANTONE color number.
- * Please provide the scenery's name, so we can google more photos for reference.

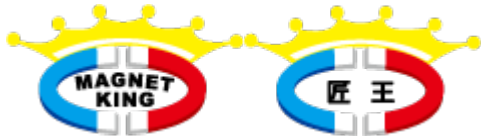

Polyresin Crafts Sample Process

Second step: Clay mold

- * We sculpture clay mold and send you photos from different angles for your approval.
- * You may revise any parts at this clay mold step.
- * Once we move to next step, the design cannot be revised.

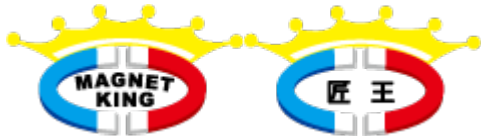

Polyresin Crafts Sample Process

Third step: White body

- * After having your approval on the clay mold, we will make white polyresin body.
- * During the process, the clay mold will be destroyed. So you cannot ask for revising design and shape anymore.

Polyresin Crafts Sample Process

Final step: Color sample

- * We color the white body and send you photos from different angles for your approval.
- * You may revise any colors, but not the design and shape.
- * After having your approval on final colored sample, the sample process is done.
- * We send you 2 finished samples by your courier account.
- * With the approved color sample, we can start mass production.

Thank you
